**'Alfred Will Permit
Campus Interviews'**

A LETTER by T. E. Ellis, (Nov. 17) was misinformed. We should like to set the record straight.

Ellis wrote: "I regret to note that the administrations of the colleges at Geneseo, Brockport and Alfred have decided not to allow Dow Chemical or the CIA to recruit on campus."

His abbreviated reference to Alfred allows the reader to assume that the writer is referring to Alfred University or to the two-year Alfred State College. The statement applies to neither of these separate institutions in Alfred, N.Y.

A representative of Dow Chemical Co. is scheduled to conduct job interviews at Alfred University early next year. A representative of the CIA is scheduled to recruit at Alfred State College.

There are students at Alfred University who are opposed to recruiting on campus by Dow

the CIA and the armed services. However, it is the university's position that the right of free speech applies to all.

The university administration has spelled out a policy recognizing the right of interested students to discuss career opportunities with representatives of any legally constituted firm or agency, as well as the right of students who disapprove to express their dissent vocally or by distributing literature, so long as the means of expressing dissent does not infringe upon the right of free speech or assembly by others.

LARRY L. DALE, Director
of Public Information, Alfred
University.
